

# RAINBOW REIKI BODY OF LIGHT

Presented by:

Beth Simmons Stapor ~ Rainbow Reiki Master

The Body of Light is a special spiritual energy structure located in your energy system that connects you directly to the Divine. There are several special chakras which organize the Body of Light, two additional main chakras and the aura-chakras. Through the high frequency network of energy channels of the Body of Light, spiritual energies like Reiki are distributed. Enlightenment can only be reached if the Body of Light is working well and is stable. Rainbow Reiki has a unique system of tools and techniques for spiritual energy work which will enable you to work with the Body of Light, to heal it, to strengthen it and to develop its functions. The Body of Light work helps you reach personal spiritual realization and enlightenment. The traditional Reiki you use is for physical, emotional, mental healing, the Body of Light is for spiritual healing.

This course is for your own personal deepening spiritual development and also for you to use in healing sessions with clients.

Program: The Body of Light, what it is and how it works - the most important aura-chakras and their various functions for healing, personal development and enlightenment. Initiation into five special symbols and their mantras for effective and differentiated energy work with the Body of Light - a Rainbow Reiki meditation to promote the conscious development of the Body of Light - the divine spark inside of you and how to work with it for spiritual empowerment. - Special Rainbow Reiki affirmations for releasing blocks related to the emotional and mental areas. This class provides a lot of hands on practice and personal healing work.
